The economy for the common good shares a vision that nurtures the environment & builds strong communities based on social and economic justice.

1. Please describe your mission, goals, vision and what work your organization performs.

Mission

Goals

Vision

Work

2. We want to know about economic, environmental, social or political actions you are taking to build an economy for the common good?

For example, action do they take to do any of the following:

Economic actions that

- Challenge market-driven decision-making*
- Build a stronger local economy*
- Promote income equality*
- Promote public control over our monetary system*

Environmental actions that

- Promote the rights of nature*
- Nurture our natural commons*
- Build a healthier environment*
- Promote resource conservation*

Social actions that

- Promote gender, racial, ethnic and social equality*
- Provide an alternative to corporate health system*
- Raise consciousness and awareness*
- Build local resilience*

Political actions that

- Practice democratic management;*
- Challenge corporate personhood*
- Work to get money out of politics*
- Promote local citizen engagement in politics*
- Advance fair and honest elections*

3. What is the ownership type of the organization or business (co-op, collective, partnership, LLC, nonprofit, for-profit, government, etc.)?

4. What is the decision-making structure or method? Who participates and who makes final decisions?

5. The map is organized by economic sectors. Which sector best reflects your organization?

The Arts * Communications * Community Services * Education *
Energy * Financial * Food & Farming * Government * Health * Housing *
Manufacturing * Natural Commons * Political * Retail
Restorative Forestry * Transportation

6. We would like to include your organization on the map. Is that okay with you? Can you suggest other organizations that we should include on the map?

7. Would you like it if there were a local organization to support and promote local solidarity economy enterprises?

8. What do you need from the community to support your endeavors?
